

**WE HIRE VETERANS**

**We are an  
Iraq/Afghanistan Veterans  
Affirmative Action Employer**

**WE HIRE VETERANS.** We encourage veterans, especially those from the Iraq/Afghanistan Wars, to apply for open positions when they are available. We post our open positions with local veterans groups and at active and reserve duty headquarters.

We are a business that reaches out to returning veterans and welcomes them back into the community with real employment and training that gives them a future here in northern Michigan. Veterans applying at our business are welcomed and, when possible, hired.

We believe the best way to thank our veterans for their service is not just to say it, but to do it. We join with the Traverse City Film Festival in seeking to hire veterans, and we support businesses that hire veterans.

Join us in hiring veterans and supporting businesses who do.

**“Veterans - when  
your service ends,  
ours begins.”**

**- Vice President, Joe Biden**

If you own a business or run a non-profit and also want to help veterans, visit
